

# COVID-19 Vaccination Record Request

If you can't find acceptable proof of your COVID-19 vaccination, see resources below to help you get a copy of your COVID-19 vaccination records.

**Please note: the process and time required to receive appropriate record copies varies by state and may take over 10 business days.**

**California:** You can request a digital copy of your COVID-19 vaccination record using this link <https://myvaccinerecord.cdph.ca.gov/>.

**Washington:** You can register to access your online immunization records using this link <https://myirmobile.com/washington-register/>.

**Oregon:** You can request a copy of your COVID-19 vaccination record using this link [Oregon Health Authority : Getting Immunization Records : Immunization Resources : State of Oregon](#). Under Adult Record Request click the English and the form will open.

**Colorado:** You can request access to your immunization records using this link <https://ciis.state.co.us/public/Application/PublicPortal>

**Georgia:** You can access the Immunization Records Request Form using this link <https://dph.georgia.gov/immunization-section/georgia-immunization-registry-grits>. Scroll down to Forms and select the Immunization Records Request Form.

**Virginia:** You can locate your immunization records using this link <https://vase.vdh.virginia.gov/vacapps/f?p=545:1>.

**Maryland:** You can register to get access to immunization records using this link <https://md.myir.net/rorl?next=/>.

**Washington DC:** You can register to get access to immunization records using this link <https://app.myirmobile.com/auth/register?state=DC>.

**Hawaii:** For information to request a replacement vaccination card, use the this link <https://hawaiicovid19.com/wp-content/uploads/2021/05/Lost-CDC-VAX-Card-ENG.pdf>.

If your vaccination is not fully complete, please contact your manager to ensure compliance with testing requirements starting on August 23<sup>rd</sup>.
